

SALESFORCE SOLUTIONS

Do more with the powerful platform you already have.

HMB's Salesforce Solutions empower business users to better leverage their Salesforce platform to create a more customer centric organization while reducing spend on infrastructure and IT. Our experienced, certified Salesforce consultants will help you quickly craft low-code solutions that enable all associates to deliver excellent customer care regardless of channel or location. Our solutions will help you achieve true differentiation by surfacing all relevant customer information during every touchpoint.

Our solution provides:

- Creation of low-code solutions to cost-effectively satisfy the high volume of business requests
- Integrating disparate business data into cohesive and actionable information
- Data visualization, reporting and dashboards
- Improved speed to market
